

Lee-Roy Chako

Web and Mobile Developer

Profile

Innovative Programmer and Internet Entrepreneur striving to make the world a more unified and connected place. I have developed software coding skills from the age of 18 in high school and have managed to participate in various projects both in Zimbabwe and abroad. I happen to be a creative thinker and a computer enthusiast. I currently have a list of projects in the mobile sector and recently have been working with blockchain and AI technology.

Employment History

Saleman at Adora fragrance, Zimbabwe
